HE WILL NOT RESIGN

Secretary of War Alger Makes an Absolute Denial of Reports

WILL IGNORE ATTACKS

Made on Him and Proposes to Re-main Secretary of War Throughout the Administration—Increase and Decrease of Exports of Merchandise, Gold and Silver.

Washington, April 15.—Secretary Alger last night put an effective quietus on the persistent reports that he contemplated retirement from the cabinet by a positive and unequivocal statement that the reports were absolutely without foundation and that unless some unforeseen and unlooked for contingency arises, he proposes to remain secretary of war throughout this administration. Secretary Alger had his attention called to recent rumors that he would resign after the investigation into the conduct of the war and incident matters cease and that his successor already had been determined upon. He said all statements of that character were false; that he has not entertained any such intention and that they were instigated with the evident purpose of attempting to force him to leave the cabinet. He said he proposed to pay no attention whatever to those attacks.

He authorized an absolute denial of the reports of his contemplated resignation, and to announce once for all, in the strongest terms possible, that he would remain in his present office throughout his regular term of office. Of course, he added, if there should be a great disaster in his private business affairs or he should be stricken in health or some wholly unexpected and sudden event occurred it might actuate him to resume his private life as a matter of course, but he had not had any idea of resigning and his determination to remain, despite reports to the contrary, was fixed and unalterable.

CANADIAN TIMBER LAWS.

Secretary Gage May Enforce Resort to Retaliation.

Washington, April 15.—A crisis, it is said, has been reached in the controversy between the American owners of Canadian timber in the province of Ontario, and the parliament of that province, which recently passed an act prohibiting the exportation of all logs. The Ontario officials have so construed this act as to apply it to all timber purchased and paid for by Americans prior to the passage of the act. The retroactive effect of this legislation, if maintained, it is said, will be to render worthless large holdings of Canadian stumpage purchased by Americans from the crown lands department of Ontario, and also to prevent the operation of extensive sawmills erected on the American side, which have no other source of supply than the Canadian timber referred to.

When these conditions become known to the American timber owners they memorialized the government of the United States to make reclamation from Great Britain, as the United States had no diplomatic relations with the Dominion of Canada. The matter was referred to the joint high commission, but that body having taken no action, a committee of timber owners, headed by ex-Governor Rich of Michigan, came to Washington and asked the secretary of the treasury to impose the retaliatory clause to the Dingley act.

It is stated that a conclusion has been practically arrived at by Secretary Gage to apply the retaliatory clause of the Dingley act forthwith in default of an assurance from the Canadian government that the provincial act referred to shall not be construed to prevent the exportation of logs.

GRAY HAIR.

Some people do a whole lot of worrying when a few gray hairs make their appearance. They pick them out carefully, use all sorts of hair tonics, and in other ways try to hide the ravages of time. If they would pay as much attention to the hair, they would show better judgment. They would get at the starting point of the things that make people look old. If the stomach works well, the blood will naturally be pure. With pure blood running in the veins, its owner cannot be sick. He won't be nervous either, and his food will agree with him. His lungs will be strong, and there will be no chance for consumption to get a footing. His head will be clear, and there will be, within him, an ambition to work. Good health is such a simple thing—so easy to have. Dr. Pierce's Golden Medical Discovery is the medicine that induces good health. It strengthens the stomach when weak, purifies the blood, tones up the nerves, strengthens the lungs, and cures all diseases that, if neglected or badly treated, end in consumption. It is a temperance medicine—no alcohol or whiskey in it. Its protracted use does not create a craving for intoxicants. If afflicted, better write about your case to Dr. R. V. Pierce, at Buffalo, N. Y. He charges no fee for consultation by mail.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. Jas. Murphy of Fond du Lac, Wis., "It has cured me of chronic constipation of twelve years' standing. I had suffered from the trouble until I was completely discouraged. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Take Dr. Pierce's Pills if you want to be permanently cured of constipation.

portation of logs purchased and paid for by Americans prior to the passage of the act. Whether this retaliation shall go to the extent of prohibiting altogether the importation of Canadian timber, or whether a duty would be imposed which shall be prohibitory in its effect, has not yet been determined.

EXPORTS AND IMPORTS.

Comparative Statement Issued by the Treasury Department.

Washington, April 15.—The monthly statement of imports and exports issued by the treasury department shows the export of merchandise for March was \$104,408,000, imports, \$72,793,200, an excess of exports of \$31,614,800 against an excess of \$51,058,818 for the corresponding month of last year. For the nine months ending in March the exports were \$947,919,405, imports, \$489,995,033, an excess of \$457,924,372.

The exports of gold for March were \$1,109,845, imports, \$3,187,575, an excess of imports of \$2,077,730, against an excess in the import for the corresponding year of \$1,518,367. The exports of silver for March were \$5,286,607, imports, \$3,125,559, an excess of exports of \$2,161,048, against an excess of \$1,518,368 for the corresponding month of last year.

Increasing Number of Small Notes.

Washington, April 15.—In anticipation of a largely increased demand for notes of small denominations when the fall crop movement begins, the secretary of the treasury is making arrangements materially to increase the treasury holdings of these small notes by raising the capacity for production of ones, twos, fives and tens from \$492,000 per day to \$780,000 or \$900,000 a day. It is thought that by July 1 a sufficient amount of these notes will be available to meet all possible emergencies.

GENERAL SHAFTER ILL

Seized With a Severe Chill When Nearing Buffalo.

Buffalo, April 15.—Major General William J. Shafter arrived yesterday accompanied by his personal aid, Captain Plummer of the Tenth Infantry. When nearing Buffalo General Shafter

GENERAL SHAFTER

was seized with a severe chill and upon his arrival at the home of Captain Plummer he took to bed.

The post surgeon at Fort Porter was sent for and reported that the general was threatened with a recurring attack of Cuban fever and that his temperature was 104.

Receptions in honor of General Shafter, which were to have been held by Mrs. Plummer and members of the Buffalo club, were postponed. General Shafter had expected to leave for Grand Rapids, Mich., last night enroute to Chicago, but his departure has been indefinitely postponed.

BUFFALO HUMP

Roads Leading to the Big Gold Fields Practically Impossible.

Grangeville, Ida., April 15.—Men who have just walked in from Buffalo Hump, the scene of the big gold stampede, say all roads and trails are practically impassable. All along the route saloon outfits, merchants, freighters and others are camped and must wait for another freeze before they can go on. Many wagons were seen along the road stuck in the mud and abandoned. Snow in the Hump is over four feet deep and will not be off before June. There will be no food famine unless parties now enroute come without supplies, as those already in have sufficient to live on for some time, but have no food for sale.

Pingree in New York.

New York, April 15.—The announcement that Governor Hazen S. Pingree of Michigan was to speak last night under the auspices of the People's Institute in Cooper Union hall attracted an immense gathering. There was not a vacant seat in the hall when the speaker, whose subject was "Trusts," appeared on the platform. His appearance was the signal for much cheering and waving of hats and handkerchiefs.

Major General Lee.

Havana, April 15.—Major General Lee has rented a house of 50 rooms at Quemados and there seems to be no doubt here that he will be appointed governor of the province of Pinar del Rio and of all Havana province, outside the city of Havana, combined in a single military department.

Committed Murder in Kentucky.

Pana, Ills., April 14.—B. B. Vickers, a union miner, has confessed to murder committed in Kentucky five years ago. His brother, Al Vickers, who was wounded in Monday's riot, has been arrested as an accomplice. Both are leading union miners.

Turned Over to Mexican Officials.

Kansas City, April 15.—United States Commissioner Nikols decided yesterday that Santiago Morphy, charged with embezzling \$70,000 from the National bank of the City of Mexico, should be turned over to the Mexican officials who came after him.

BURY THEM ALIVE

Sensational Letter Received From an Indiana Soldier at Manila.

DIG THEIR OWN GRAVES

Treatment Accorded Spanish Prisoners by a Guard of Tennessee Soldiers—Natives Shot Down and Carted Out of the City, Thrown in Holes and Covered Up.

Manila, Ind., April 15.—A sensation has been caused here by a letter from Private Charles W. Smith of Battery K, Third United States artillery. He writes to his parents in this city from Manila under date of March 7 as follows:

"There were about 15 Spanish prisoners digging graves a few days ago and the Tennessee boys, who were guarding them, made them dig a hole; then took all the prisoners and threw them in the hole, covering them up."

"When they came back they were asked by the commanding officer where their prisoners were. They said they planted every one of them and said they would like to have about 30 more to do the same thing with."

"There hasn't been anything said or done to the boys yet for it."

"The Thirteenth Minnesota is doing provost guard duty over the city and they don't do a thing but shoot. Then they call a cart and throw the dead natives on it and haul them off and throw them in a hole and cover them up."

HYDROPHOBIA.

Acute Attack Suffered by a Man Bitten by a Dog a Year Ago.

Bedford, Ind., April 15.—Todd Root, a farmer living near here, was brought to town yesterday suffering from an acute attack of hydrophobia. Mr. Root was bitten by his dog one year ago. He did not experience any bad effect at the time, and the occurrence had been forgotten until seized with his present attack. He was an object of pity. Blankets had been thrown over him and secured tightly, to prevent him from biting his captors. Mr. Root was placed in jail, where he is given such attention as possible.

HEALTH BOARD

State Organization Meets and Elects Officers—Food Adulteration.

Indianapolis, April 15.—The Indiana state board of health met yesterday and elected officers as follows: President, Dr. T. Henry Davis of Richmond; vice president, Dr. E. D. Langhlin of Orleans, both to serve for two years; secretary, Dr. J. N. Hurty of Indianapolis, to serve four years. The board appointed Drs. Henry Jameson, Davis and Hurty as a committee to draft rules and ordinances establishing standards and naming specific adulterations of food. The committee is expected to report in about four weeks from this time.

AGREEMENT

Reached Between Miners and Operators as to Machine Mining.

Brazil, Ind., April 15.—The committee of machine miners and operators, who have repeatedly made fruitless attempts to settle the scale, met here again yesterday and the miners offered to settle on the tonnage basis of 57 cents, which was accepted, and it is believed the scale will soon be signed. All the machine mines are shut down, and 1,000 miners are idle.

Pensions Granted.

Washington, April 15.—Pension have been granted to Indians as follows: Original—Zigler C. Davis, Hagerstown, \$8; Charles Kennedy, Muncie, \$8; Charles Runion, National Military Home, Grant, \$8; Jacob H. Shilt, Kentland, \$8. Rousseau—(Special April 3)—special act, William R. Warden, Danville, \$12. Original Widows, Etc.—Eliza A. Trusty, Indianapolis, \$8; Eva Morgan, Rensselaer, \$12; Ellen Jones, Madison, \$8.

Her Husband Was Dead.

Charlestown, Ind., April 15.—Mrs. Daniel Watson, on arising yesterday, found her husband lying dead by her side. The body was rigid, showing that death had occurred several hours before. The cause is attributed to heart disease. Mr. Watson was 45 years old and well-to-do.

Fine Quality of Stone Coal.

Noblesville, Ind., April 15.—The drillers at work on a gas well near this city have discovered a large quantity of the best grade of stone coal at a depth of 320 feet. The quality is much finer than the ordinary coal. It is not known whether or not the field will prove to be a large one.

UNDER ARMS

Citizens of Palmetto, Ga., Guarding Their Homes.

Palmetto, Ga., April 15.—Armed men patrolled the streets of this little town last night. No uprising of the negro element is anticipated, but the men of Palmetto, who early in the day closed their places of business and joined the posse pursuing the negro, Sam Hose, who brutally murdered Farmer Alfred Cranford and assaulted his wife, took this precautionary measure for the protection of their families. The negro has not been caught, but is surrounded in a dense swamp between this city and Newman. His escape is impossible. The funeral of Alfred Cranford was held yesterday. His wife stood by his grave, but showed no sign of emotion. It is feared her mind has become unbalanced as a result of the terrible ordeal she has just passed through.

LABEL SUIT ENDED

Youngstown (O.) Vindicator Wins In a Suit Against It For \$50,000.

Youngstown, O., April 15.—The Vindicator, a newspaper of this city, is advised that Tyndale Palmer of New York, who instituted suit against it some years ago, in common with several hundred other papers, for \$50,000 damages for libel, but who withdrew his suit in the United States district court at Cleveland, has been beaten. Judge Ricks having sustained the demurrer of Hon. John H. Clarke, counsel for the paper, to the pleading of plaintiff, setting forth that no case was stated against the Vindicator on the face of the papers. This ends the litigation so far as the Vindicator is concerned, and will be of importance to some 500 newspapers throughout the country which are also defendants in similar actions.

BASEBALL

Philadelphia Opens the Season With a Victory Over Washington.

Philadelphia, April 15.—The baseball season opened here with over 10,000 people in attendance, and proved to be an auspicious occasion for the home team. Philadelphia won, but it was not an easy victory as Washington played a fine fielding game, and had the home team not solved Kileen's delivery in the fifth, sixth and seventh innings, a different story might be told.

GOING ON THE STAGE

Mrs. T. Benton Leiter Will Make Her Debut at Chicago Auditorium.

Chicago, April 15.—Mrs. T. Benton Leiter has announced her intention of going on the stage. She will make her debut at Auditorium Recital hall next Thursday evening. Mrs. Leiter is the wife of T. Benton Leiter, the nephew and for 20 years the private secretary of Levi Z. Leiter. Her husband is suffering from a mental malady, and Mrs. Leiter's reason for quitting society and devoting herself to the stage is that she may the better care for her husband.

Chinese Government Has Assented to the Opening of Three New Ports.

London, April 15.—The Chinese government, according to a dispatch from Shanghai, has assented to the proposal to open three new ports in the province of Kiang Su, Kiang and Negan Hewi or in Hui.

Trust Gets Two More Mills.

Youngstown, O., April 15.—Two deeds, transferring the property of the Union Iron and Steel company to the National Steel company of New Jersey, were recorded here yesterday, the revenue stamps amounting to \$700. The National Steel company obligates itself to carry out contracts for improvements to the mills.

Floods in North Dakota.

Bismarck, N. D., April 15.—The Missouri river at this point is gorged both above and below the city and the water is rising gradually, bottom land being flooded. Washouts have caused an abandonment of all train service west of Bismarck. Much greater damage is feared when the gorge breaks.

Transport Hancock.

San Francisco, April 15.—The transport Hancock, formerly the Arizona, will sail for the Philippines on Monday with nearly 1,700 soldiers. The entire Twenty-first regiment of infantry will go and in addition there will be one or two batteries of light artillery.

General Lawton Is Moving Northward and the Enemy Beats a Retreat.

NEST OF FILIPINOS ROUTED

By Major Weisenberger's Sharpshooters—Five Men of the North Dakota Regiment Were Killed and Two Wounded—Hills Shelled by the Laguna de Bay.

Manila, April 15.—Starting in easterly direction along the road to Pansanghan, a party of 60 sharpshooters under Lieutenant Southern of the Washington regiment, this morning came upon a trench across the road about a mile out of Santa Cruz, Lieutenant Southern was wounded.

The Americans then advanced, with the mounted guns and the Fourteenth infantry battalions in the center, Link's battalion of the First Idaho infantry on the right and Fraine's battalion of the First North Dakota infantry on the left, both flanking. The trench was carried without loss to the Americans. Pansanghan was found deserted.

The troops on entering the abandoned houses found them in perfect order. A few guerrilla shots were exchanged, and one member of the Fourteenth regiment was shot in the leg by his comrades, who were aiming at a cariboo.

One Filipino was killed and five were wounded in the encounter beyond Tongas.

Manila, April 15.—General Lawton yesterday marched north along the road between the hills and the lake with the gunboats Nipadon and Laguna de Bay abreast of his troops. The enemy was retreating northward.

On Wednesday the troops crossed the Paganhan and concentrated at Lamban at the mouth of the river. After leaving two companies of the Fourteenth regiment to guard the entrance of the river, the troops marched to Longas and found it deserted. Furniture, which had been dropped in the flight of the natives, was scattered along the trails leading into the hills.

Major Weisenberger's sharpshooters were sent toward Pactos Ancontonia in the afternoon. They ran upon a nest of rebels in some thick bushes which afforded a splendid cover. Five men of the North Dakota regiment were killed and two were wounded, two of the former dying after having been brought to Longas church, where Father McKinnon administered the sacrament to them.

The main body of the American troops, while at dinner in Dongas, heard the firing and advanced to the support of the sharpshooters. A scout, from a hill, saw the little fight and many white coats running into the hills. The Laguna de Bay at the beginning of the fight shelled the hills, making them too hot for the enemy.

The Americans entered San Antonio at sunset without meeting with any resistance. Twenty unarmed prisoners, bearing copies of the proclamation of the United States Philippine commission, which they had somehow secured, were afterwards released and sent outside our lines with bundles of proclamations to distribute. The Fourth cavalry is guarding Santa Cruz.

Two companies of the Fourteenth regiment are at the mouth of the river, two are at Pasig and two are at Lamban, and one of the Fourteenth and four of the North Dakota regiments are at San Antonio. The remainder of the troops are at Longas. General Lawton is on board the Laguna de Bay and the Cascoes are off San Antonio. The country just occupied is thickly populated and produces much fruit.

McKenna of the signal corps is indefatigable. He ran a wire through the hostile country without having a guard with him.

CANTON MURDER TRIAL

State Balked on Two of Its Witnesses.

Canton, O., April 15.—During the trial of Mrs. Anna George yesterday numerous threats by Mrs. George against the life of George D. Saxton were testified to by witnesses. Many of the statements were coupled with Mrs. George's story of the alleged wrongs to her at Saxton's hands, which she told the witnesses in connection with her threats.

All was not smooth sailing for the state. The prosecution had expected to introduce a chemical analysis of the cuticle taken from Mrs. George's hand when she was arrested and prove thereby that the discoloration was due to powder smoke. The witness was not allowed to testify. The court's ruling on this point was based on the fact that the cuticle was scraped from her hands while she was under arrest and in the custody of officers, amounting to duress, and also on testimony that the quantity was so small as to make an analysis very difficult. Another disappointment was the failure of a witness to satisfy the court that he was qualified to judge of Mrs. George's writing and thus identify a letter which it was sought to prove she had written.

WHEAT AND FRUIT.

Rush County Products Have Not Suffered Seriously.

Rushville, Ind., April 15.—Rush county wheat wintered well, but the cold days of the early part of this month were more damaging than the entire winter. The dry weather of this week and the high winds have also injured the standing grain, but on the whole the crop shows within 90 per cent of any average at this time of the year. Apples have survived the winter, and plums have apparently suffered little. Pears were affected, but a good many sound buds are left. The peach buds are all killed.

Falls Heir to a Fortune.

Valpariso, Ind., April 15.—A J. Burnheimer, a clerk, has received word that through the death of an uncle in the west he is one of the heirs to an estate which will yield him from \$10,000 to \$15,000.

Bradstreet's Weekly Resume of Market Conditions.

New York, April 15.—Bradstreet's today says: Real spring weather has improved the tone of trade, particularly retail, and correspondingly helped jobbing distribution, but, at the same time, brought last winter's injury to the winter crop more in evidence. The regular monthly government crop report proved rather more favorable than expected, foreshadowing, on the basis of last fall's largely increased acreage, a yield little below that of last season. The unanimity of later damage reports would seem to point to full information regarding the crop not being obtainable at the date when the government advices were gathered. Other cereals are but little changed, while the movement of our breadstuffs abroad at present seems to be on a lessening scale.

Among the favorable features coming to light this week might be mentioned the receipt of continued good railroad earnings reports, advices of widespread industrial activity, accompanied by rather less than usual friction as reflected in strikes for higher wages and a largely improved distribution of wool, which appears to have awakened at last from its long sleep. Sales of this staple, indeed, are the heaviest reported for many weeks past, both inside and outside combinations having bought freely of territory and other domestic grades. The large quantities of wool have been bought for export, English buyers bidding freely for high grade sorts.

The strength of raw sugar has finally been reflected in higher rates for refined, hard grades of which are firm at the advance, while soft grades have been shaded.

The iron and steel industry remains firm, though the tone of the market in general is quieter.

The lumber market is active and prices manifest aggressive strength. There is a fair demand for coal, but milder weather tends to discourage large sales.

Current demand for drygoods at the east is quieter, though fall orders are reported notably good, and dress woollens are in satisfactory demand.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly, and enabling one to overcome habitual constipation permanently. The announcement is made that Harper's Bazar will shortly begin a series of articles on the best occupations for women. The subject is an all important one at present, and it is certain that the Bazar's discussion will be valuable and full of useful information. Another feature of the Bazar for the spring and summer of 1899 will be an unusual number of short stories of great variety and interest. The Bazar, since it established its department of Club Women and Club Work, is becoming more and more the most popular periodical for women in America.

When Harper & Brothers introduced Literature to American readers it had long been a question whether a periodical of such an elevated literary standard would succeed in this country. The fact, however, that the publishers at the beginning of the year made Literature a distinctly American publication, and selected John Kendrick Bangs as editor, is proof that the journal has found a wide field. It is a matter of interest that the letters by William Dean Howells were one of the chief factors in Literature's success both in England and America.

RICHARD CROKER says he is and always has been an honest politician, so that settles it. Richard ought to know.

THE 161st will be mustered out April 30. What will Seymour do in the way of a reception to the home boys on their return?

GREENSBURG has organized for another street fair and already doing some of the preliminary work. Seymour is not making much noise right now about our third street fair but it will take place and will be on a larger scale than in former years.

THE REPUBLICAN is pleased to note the interest manifested in the reorganization of the Commercial Club. The purpose back of the club rightly calls into existence and action such an organization. If the club keeps at work it will not die but grow in power and influence. It is inaction that brings death to so many really good things. Action means life and growth; inaction means the opposite. So let us keep the Commercial Club in motion that the greatest results may be accomplished for the city and community.

Pool and billiard tables and bowling alleys have been prohibited in the past at Franklin, but an ordinance was passed there this week to permit them to operate under certain restrictions, a license fee being paid in each case. It seems that the ordinance was not made public in time for the opposition to get together or it would probably have been defeated as similar ordinances in the past have been. It is evident now that though the ordinance has been adopted that the opposition are getting together and will be heard from in some emphatic way before many days.

HERE is an official Communication received by the department of state from the United States Minister to Venezuela, which will show how carefully United States warships are kept in foreign waters. It relates to the recent visit of the U. S. S. Wilmington to the ports on the northern coast of Venezuela. "The splendid condition and appearance of the men and boat," writes the minister, never failed to call forth praise from those who saw them. As a result of the trip, I think it will be found that American prestige has been substantially augmented, and the idea of American power and resources, vitalized by the war, enormously deepened and widened. Practical results are coming, too, in the way of increased commerce with the United States, and if our merchants and manufacturers will take advantage of the favorable conditions that have been created for them, they ought to profit very largely."

Surprised.

Liston Hill was taken completely by surprise by a number of his friends last evening, it being his seventeenth birthday. While he and Herbert Hogue, of Columbus, were down the street the party gathered at the home of his parents, Dr. and Mrs. L. B. Hill, and were ready to give him a surprising reception on his return and in this they were quite successful. Mrs. Hill had prepared a splendid luncheon for them and made other arrangements that made the evening a very pleasant one. Liston received a number of handsome presents.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at W. F. Peter's drug store.

Nervous Debility

is often one of the most distressing after-effects of the Grip. It may also be caused by overwork, worry, mental strain or excesses of almost any nature. Whatever the cause, a debilitated nervous system means that the nerves lack nutrition. Feed the nerves and life will renew its joys for you.

The best nerve food, and the most valuable tonic (because it both builds up the blood and strengthens the nerves) is Dr. Williams' Pink Pills for Pale People. Hundreds of worn-out, depressed men and women have been made strong-nerved, ambitious, energetic and healthful by this remedy.

Among the well-known men of the newspaper profession is F. J. Lawrence, of 435 Fourth Avenue, Detroit, Mich., who for the past eleven years has been at his desk every day. He says:

"At one time I was in such a condition that my physician said I would have nervous prostration; that I would have to stop newspaper work or I would go to pieces if I persisted in doing it, as I was destroying what nerve force I had left."

"I lost flesh and had a complication of ailments which baffled skillful medical treatment."

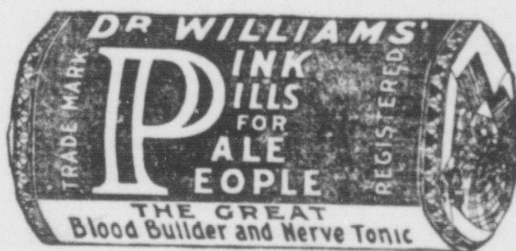

"One of my associates recommended Dr. Williams' Pink Pills for Pale People and I gave them a trial. I can't say that I received any benefit from the first box, but derived very good results from the second. The pills gave me strength and helped my shattered nerves so that I could get a full night's rest."

"I have been troubled a great deal with pain in the small of the back, which I attributed to a derangement of the kidneys. For this complaint Dr. Williams' Pink Pills for Pale People worked wonders. Soon after I began taking them regularly, the pain ceased, causing me to feel like a new man."

"I am greatly encouraged from the results of using a few boxes and am confident that the pills will work a complete restoration of my former condition."—From Evening News, Detroit, Mich.

Our new book on Nervous Disorders will be sent FREE to any address on request.

The genuine pills are sold only in packages like this, 50¢ per box; six boxes, \$2.50

COMMERCIAL CLUB.

Re-organization Meeting Characteristic of Seymour Energy.

Last night about seventy-five business and professional met at Society Hall for the purpose of reviving and reorganizing the Commercial Club. Preliminary work had been done by a committee so that everybody present came interested in the purpose of the meeting.

Order was called by C. B. Cole and O. H. Montgomery was asked to state the object of the meeting and the purposes of the reorganizing the Commercial Club.

A special committee on nominations consisting of Henry Price, John A. Ross, Simon Strauss, Louis Schneek and J. W. Conner was appointed. They reported the following for permanent officers:

Jno. A. Ross, president; O. H. Montgomery, 1st vice president; Louis Schneek, 2nd vice president; H. C. Johnson, treasurer. Board of directors: Dr. J. M. Shields, H. M. Schwing, Allen Swope, Dr. Graessle, S. A. Barnes, W. L. Johnson, C. B. Cole, W. P. Masters, Gus Cordes, A. W. Mills and William Willman.

The board of directors will meet next Tuesday evening and choose a permanent secretary.

A committee consisting of W. H. Burkley, O. H. Montgomery, Dr. J. M. Shields, Allen Swope and E. A. Remy was appointed to report such charges to the By-Laws as seemed advisable.

By this time the crowd showed some eagerness to square themselves around to the table and test the luncheon prepared under the supervision of John G. Nottage, which they found much to their liking.

At the conclusion of their sumptuous repast S. A. Barnes, E. A. Remy, Dr. Graessle, Jno. M. Lewis, J. H. Hodapp, H. C. Johnson, T. S. Blish and Dr. J. T. Shields were called upon for remarks which added to the interest and pleasure of the meeting.

The meeting was in every way successful and portends a bright future for the organization. There will be another meeting next Wednesday evening to complete the work of organizing and appoint the standing committees.

40 YEARS THE STANDARD

Not So Alarming as Reported.

The number of cases of what is supposed to be meningitis at Ewing is indeed bad enough but not so alarming as has been reported. Two girls died there from the disease last week, both of which were reported in the REPUBLICAN at the time. The schools were closed then for a few days but opened again Monday and have since been in session.

Report came two or three days ago that John P. Miller and wife were both dangerously sick with the disease, and further report came this morning that Mr. Miller died last night. There are a few other suspicious cases, but our inability to get telephone connection today makes it hard to confirm all reports.

Sheriff Goss and John C. Wells who were here from Brownstown today say the alarm at Seymour is much greater than at Brownstown. In fact they had heard more about it here than at home. Mr. Wells even heard here that he came up to Seymour with his family to get out of danger, a matter of news to him.

As to the wholesale dying of live stock that is confined to this extent: Bart Burrell's big-jawed horse that has been "under the weather" for six months has crossed the dark river.

The report that Ewing and Brownstown were being depopulated by the alarmed residents is founded on fancy, as is also the probability of an immediate quarantine.

It is to be deplored that their have been any cases at all of this dreadful disease in the county and we trust that there will be no more to report with or without coloring.

Lieut.-Col. Backus at Home.

Lieut.-Col. V. M. Backus of the One Hundred and Sixty-first regiment, Indiana volunteers, came home yesterday to see his fifteen-year-old daughter Hazel, who is seriously ill with typhoid fever at the family home, 1507 N. Meridian street.

The regiment is now in camp near Savannah, Ga., and the boys are now looking forward to their home coming, which will be immediately after the muster out, April 30. Lieut.-Col. Backus says the regiment will probably return to Indiana by the way of Richmond, Va., and Washington, D. C., with a stop-over of a few hours in each city. The regiment will come home in three sections and will probably separate at Cincinnati, each company going directly home.—Sentinel.

Mortgage Deduction.

One of the new laws passed by the last legislature that is now in force is that which applies to deductions that may be made in the assessment of real estate covered by mortgage. The law provides that the owner of any real estate covered by a mortgage in any sum unpaid on the first day of April, may have the amount not exceeding \$700 deducted from the assessed valuation of the property for that year, provided that "no deduction shall be allowed greater than one-half such assessed valuation of such real estate."

Section two provides that any person wishing to avail himself of such deduction shall file with the auditor of the county before the first day of May a sworn statement of the amount of such mortgage indebtedness unpaid the holder of the mortgage and, the assignee, if any, with a brief description of the real estate upon which such incumbrance exists.

The remaining sections provide the duties of the auditor and the penalties for making false statements of facts under the act and declare an emergency.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power, that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials.

Parsnip Complexion.

A majority of the ills afflicting people today can be traced to kidney trouble. It prevades all classes of society, in all climates, regardless of age, sex or condition.

The sallow, colorless looking people you often meet are afflicted with "kidney complexion." Their kidneys are turning to a parsnip color, so is their complexion. They may suffer from indigestion, bloating, sleeplessness, uric acid, gravel, dropsy, rheumatism, catarrh of the bladder, or irregular heart. You may depend upon it, the cause is weak, unhealthy kidneys.

Women as well as men are made miserable with kidney and bladder trouble and both need the same remedy. Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy will build up and strengthen weak and unhealthy kidneys, purify the diseased, kidney-poisoned blood, clear the complexion and soon help the sufferer to better health.

The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases, such as weak kidneys, catarrh of the bladder, gravel, rheumatism and Bright's Disease, which is the worst form of kidney trouble. At druggists, fifty cent and dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it. Address Dr. Kilmer & Co., Binghamton, N. Y.

TO KIDNEY SUFFERERS.

An Opportunity Worthy of Your Notice.

If you suffer with kidney disease or any ailment arising from an improper action of the kidneys or urinary organs, this offer we make to the people of Seymour should interest you. In the advancement of medical science, the kidneys, being almost the organs of the greatest importance to human health, have not been neglected, and in placing before you such a cure as Doan's Kidney Pills, the proprietors recognize how far so many statements of the makers of similar preparations have fallen short of their claims, being convinced that no remedy for kidney complaints in existence equals Doan's Kidney Pills for such ailments; strengthened in these convictions by letters that are daily received of the work they are doing for mankind's benefit, old backs and young backs are being constantly freed from never ceasing aches, and many a lame and shattered one, stopped and contracted, is strengthened, invigorated and infused with new life. With such a medicine, an offer of this kind can be made without hesitancy, for while we lose the box we give to you, we make a friend that assists us in the sale of many others.

ONE FULL BOX.

of Doan's Kidney Pills will be given away free to every person suffering with kidney ailments at the undersigned address. First come, first served, and only this one chance offered. Remember this is not a sample box, but a regular size box of Doan's Kidney Pills, which retails at 50 cts. For those in the country who can not call in time, a full box will be mailed on receipt of five cents in either coin or stamps, to defray expense of postage and mailing, in response to all letters received up to and including April 19. WINE OF CARDUI

A SURE MEDICINE.

HANDSON, Va., Dec. 31.
I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than any thing else.

MRS. CAROLINE EVANS.

Wine of Cardui

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

Made a New Man of Him.

BRYAN, Ohio, Jan. 13, 1897.
Gentlemen:—For years I had been suffering from indigestion. Had a poor appetite and could not eat anything containing grease and had constantly had a worn out feeling. After using three 50c bottles of Dr. Caldwell's Syrup Pepsin I am now able to eat anything my appetite craves and can say it has made a new man of me.

For the Public Good.

In another part of this paper appears an advertisement worthy the reading, as it's for the public good. It tells of a free distribution of Doan's Kidney Pills, a remedy for Kidney ills. Read it, and call at C. W. Milhous' druggist, east Second street, Seymour, Indiana, Wednesday, April 19.

Grip makes one sick, weary and restless. Dr. Miles' Restorative Nerve brings rest.

A Great Deal

Of unnecessary expenditure of time and money may be saved if you will only keep a bottle of Dr. Caldwell's Syrup Pepsin in the house. Ninety per cent of all ordinary sickness is from the stomach; keep that organ in proper condition and all will be well. Syrup Pepsin is a specific. Trial size bottles 10c, large sizes 50c and \$1.00 of A. J. Pellen's, druggist.

First of the Season.

Cincinnati and return 75 cents, Sunday, April 16, 1899, via the B & O N. W. railroad. Special train leaves 7:00 a. m. Returning leaves Cincinnati 7:30 p. m. J. P. HOSAN, Tkt. Agt.

Coughed 25 Years.

I suffered for 25 years with a cough and spent hundreds of dollars with doctors and for medicine to no avail until used Dr. Bell's Pine-Tar-Honey. The remedy makes weak lungs strong. It has saved my life.—J. B. Rossell,

La Grippe is surely contagious. Dr. Miles' Restorative Nerve is a sure preventive.

Try Allen's Foot-Ease.

A powder to be shaken into the shoes. At this season your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. It cools the feet and makes walking easy. Cures swollen and sweating feet, blisters and callous spots. Relieves corns and bunions of all pain and gives rest and comfort. Try it today. Sold by all druggists and shoe stores for 25c. Trial package FREE. Address, Allen S. Olmsted, 1c Roy, N. Y.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. To test it, a trial size for 10 cents or the large, for 50 cents, is mailed by Ely Brothers, 56 Warren Street, New York. Druggists keep it. A remedy for Nasal Catarrh which is drying or exciting to the diseased membrane should not be used, Cream Balm is recognized as a specific.

Give the Children a Drink.

Called Grain O. It is delicious, a palatable nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children as well as adults, can drink it with great benefit. Costs about as much as coffee. 15 and 25c.

It is Strange

That some people say they never read a medicine advertisement will be found luging home every now and then a bottle of some favorite remedy of theirs. We don't bother you with much reading but just ask you to try a 10c trial bottle of Dr. Caldwell's Syrup Pepsin for constipation, indigestion and stomach troubles. 50 and \$1.00 sizes at A. J. Pellen's, druggist.
